

WORKSITE ORGANIZING OUTREACH PROGRAM (WOOP)
For the last week of August, 2023

Every Wednesday, Union leaders, stewards and staff are visiting worksites across the state to meet with our represented employees. They're talking about issues of interest to state workers—bargaining a new contract, working conditions, and the benefits of membership. Below, you'll find a list of this week's opportunities to meet with your union representative and fellow employees. We're in different locations each Wednesday.
