PRESIDENT WALKER'S VIDEO MESSAGE – April 6, 2020

Hey, good afternoon, Local 1000.

It's Monday, and I hope you had a great weekend.

So you know that 80 hours of emergency sick leave that I talked to you about last week? Well it seems like departments are having a hard time figuring out how to administer it. I called CalHR over the weekend. They are working with the departments and hopefully that will get cleared up this week. And you'll be able to use the time.

DMV is also asking for about 200 MVFRs from the field offices to volunteer to do call center work in the field office, so if you're interested, please contact your supervisor.

And last week I asked for volunteers to make face masks for your coworkers, your communities, your families, and 40 of you volunteered. I really appreciate it, guys. We're going to be getting the materials out to you. I love it when we can all step up and work together

So that's all I got for today, and I'll talk to you on Wednesday.
