A HOLIDAY MESSAGE
from President Yvonne R. Walker

Happy Holidays to my Union Sisters and Brothers.

It’s a great time of the year, as the weather turns cooler, the decorations spring up, and golden moments with family and friends approach.

I’m proud of our union family and how we’ve grown closer and stronger together. Our year began with the ratification of a hard-won contract that proved our power and the great things we can accomplish.

I’m even more proud of the choices our union sisters and brothers are making today. Together they’re proudly proclaiming, “I choose my union,” and making a bigger difference in all our lives by becoming activists and leaders, and encouraging their coworkers to make the same choice.

In short, they’re choosing the power of “we” and applying that power to bring true social, economic and environmental justice to California’s working families.

There is great power in having, and making, a choice. I’m so happy I chose to be a member of Local 1000. It’s gratifying to see how many of our union family are making that same choice every day.

You worked hard all year at the worksite, at home and in our community. Enjoy your holiday season and the blessings of family and friends. Cherish them in this moment. Best wishes for a healthy and prosperous New Year.

I look forward to an exciting year of growth and opportunities for all of us, together.

In Solidarity,

Yvonne R. Walker
President
SEIU Local 1000

Members Standing Up for their Contract Rights

Voluntary Overtime Assignments Challenged at CDCR

After a Registered Nurse offered to work overtime on multiple days was overlooked in favor of Registry nurses—in violation of language in our contract—her union stewards stepped up and an informal discussion with the prison’s nursing management and labor relations corrected the improper practice.

In the meeting, the department acknowledged the violation, and awarded the RN the overtime pay she would have received. In addition, the department agreed to publish all voluntary overtime offers in the monthly overtime calendar; the RN has since been called on to work overtime hours.

Member Documentation Overturns AWOL Decision

When an EDD employee was marked AWOL this fall after repeated communication with the department and his supervisor, it was his documentation of his efforts that led to a reversal of the improper discipline.

Despite the fact his illness began on the job, and the supervisor was aware of the illness, the EDD employee was in constant contact with the department and communicated regularly via text—the supervisor’s preferred method of contact. Even after the employee sent a doctor’s note via text, the AWOL notice was issued.

At a subsequent Coleman hearing, the employee’s extensive documentation, which included text messages, phone logs and the doctor’s note, was a major factor in overturning the AWOL.
