

TOGETHER WE CAN WIN PANDEMIC PAY FOR THE STATE'S ESSENTIAL WORKERS

State workers do the critical work to keep Californians healthy, safe, and strong—even though it meant risking our own health and that of our families during the pandemic.

Despite this, the state of California hasn't provided essential worker pay to recognize our efforts or our sacrifice. SEIU Local 1000 members have been working with the State in good faith to rectify this for more than six months. It's past time for the State to take action.

That's why we are joining with fellow state employees in AFSCME Local 2620 to rally at the Capitol and demand that the State pay all its essential workers the pandemic pay we should have received long ago.

When: **Friday March 17th, 10:00 a.m.**

Where: **West Plaza of the State Capitol,
1315 10th St, Sacramento, CA**
