BUILDING POWER, FIGHTING FOR JUSTICE,
WINNING FOR PATIENTS

Nurses have been at the center of the pandemic. It has changed us, it is changing the profession. More than ever, we need to work together to fight for change that we know needs to happen.

We care for patients at the bedside and in all settings. We care about our communities, about racial justice, about economic justice.

And we need to care for ourselves.

This conference is an opportunity to share experiences, learn new skills and information, and work together to build power, fight for justice, and win for our patients.

This is an online/virtual conference

You will need:

- Computer with internet connection
- Email address (for login/credentials)
- RN License number (for CEU credits)

Recommended:

a comfortable space for **you**, to be able to interact, experience, connect, watch/listen.

Important! Registration Deadline:

If you are planning to attend the full conference (all three days) and if you would like to receive the SEIU Nurse Alliance **Conference Support Package** by mail, you must register by August 31, 2021.

Final registration deadline is October 1, 2021. But only those who register by August 31 and who choose "All Days / Full Conference Participant" will receive the package.

Questions about the conference or registration process? Email NALC2021@seiu.org
