

SEIU LOCAL 1000, CCHCS, AND RIVERSIDE CITY COLLEGE LVN-TO-RN APPRENTICESHIP APPLICATION INFORMATION

SEIU Local 1000 is pleased to announce the opening of another application period for the SEIU Local 1000, California Correctional Health Care Services (CCHCS), and Riverside City College (RCC) Licensed Vocational Nurse (LVN) to Registered Nurse (RN) Apprenticeship Program. The RCC LVN to RN Apprenticeship Program is designed to provide an opportunity for LVNs, who meet specific criteria, to earn an Associate's Degree in Nursing (ADN) in preparation to take the state licensing examination and obtain licensure as an RN in the state of California.

SEIU Local 1000, CCHCS, and RCC have worked collectively to establish this apprenticeship program and are excited to again offer this opportunity to LVNs working at correctional institutions. Funding for this program is currently supported by High RoadSM Training Partnership grant from the California Workforce Development Board (CWDB). Presently, we are accepting applications from LVNs working at the following institutions:

- California Correctional Institution (CCI)
- California Institution for Men (CIM)
- California Institution for Women (CIW)
- California State Prison – Los Angeles County (LAC)
- Calipatria State Prison (CAL)
- Centinela State Prison (CEN)
- Ironwood State Prison (ISP)
- Kern Valley State Prison (KVSP)
- North Kern State Prison (NKSP)
- Richard J. Donovan Prison (RJD)
- Wasco State Prison (WSP)

This partnership with RCC was a result of a focused effort by SEIU Local 1000 and CCHCS to expand the program to include the aforementioned California Department of Corrections and Rehabilitation adult institutions and also provide growth opportunities to LVNs in rural areas. Note that funding is available for overnight accommodation for apprentices who live remote to Riverside. Also, while we are hopeful to see this program continue beyond this cohort launch, please be informed that any future cohort opportunities offered are dependent on securing adequate grant funding.

LVNs who are accepted into this program will continue to be compensated based on a 40-hour work week which will generally consist of 20 hours of classroom training and 20 hours of regular working hours but may vary based on academic or employment requirements agreed upon by the Joint Apprenticeship Committee (JAC). The program is designed to prepare LVNs for the potential of career advancement as an RN for the State of California within CCHCS.

Interested employees should submit an Apprenticeship Application, and if they meet the selection criteria, they shall be invited to apply to RCC's Advanced Placement (LVN to RN) ADN Program. Note that applicants should be prepared to enter RCC's Advanced Placement LVN to RN ADN Program in Fall 2026 and must meet RCC's admission requirements for this

program. Applicants who will not have completed Nursing 18 from RCC by the end of Spring 2026 will be ineligible to enter the program and should not apply. Additionally, applicants must receive a passing score on the HESI exam no later than June 2026 in order to be considered for entry in Fall 2026. Applicants are strongly encouraged to enroll in Math for Nursing (NRN 93) this semester at RCC in preparation to begin the program in Fall 2026.

All applicants will receive notice of their application status by the end of May 2026.
